HEART OF THE HERD SALE

PATTERN FOR PROGRESS SALE

Xenia, Ohio

MAKE JUNE 7 THE MOST IMPORTANT DAY OF 1965

A Message From The Sale Manager . . .

I spent a day at Tulleevin Farms in late February and saw the entire herd. I left with a feeling of confidence. The herd was in a top position.

The Duke of Westdrums is a ton bull. His calves were correct. They had bone and substance. They were good doing cattle. They had natural fleshing.

The bulls sired by L. F. Fascination, were the best lot I had seen. His daughters were equal to his best females. There were more of them.

It was apparent to me that there must be a reason. There was a definite reason. The cows that weren't doing a good job had been culled. They weren't there anymore. That was exactly why my impression of the herd was so favorable. Good ones sired by Duke of Westdrums. Good ones sired by L. F. Fascination. Good ones sired by Avenel Radiant Sunset.

Tulleevin Farms are run on a practical basis. The cows are carried in working flesh. The calves run to a creep. The yearlings are fed in groups. They run outside. They get exercise enough to stay sound.

The sale offering have been developed so that they will go into new hands and make good.

Tulleevin Farms will continue to be a source of supply for Polled Shorthorn seed stock. Forty young females are being retained. They are largely daughters of L. F. Fascination. Duke of Westdrums and Avenel Radiant Sunset will share herd sire duties.

This Heart of the Herd Sale is just that. The top bulls, from calves to two year olds. The best young females. The kind they have kept. The kind you would want to retain. The brood cows are selling that have produced both the bulls and females that are being sold.

You can see them. You can see what they have produced. You can own them.

No distance is too far to travel if you want to breed better Polled Shorthorns. No herd can offer you new blood from Scotland in such numbers. Bulls ready for hard service. Bull calves of promise right off their dams. The Tulleevin "machine tools" are available.

I believe you can look all over the world, but you will find the answer you want at Tulleevin Farms, June 7th. Arrange to arrive on Sunday so that you will have time to walk the pastures, as well as to study the sale offering.

If you believe in the expanding future of Polled Shorthorns, I believe you will want to be at Tulleevin Farms and be a part of this Heart of the Herd Sale.

Welcome ...

Your hosts for the day ...
Dan and Katy O'Conor and
Gwen and Charles South.

Welcome To Tulleevin ...

We at Tulleevin have looked forward to this event with great anticipation. We have endeavored to put forward a group of cattle that are second to none and that will work improvement in the herds of their new owners. True, they are not all brought out as show cattle but all come from proven families that have done well for us and are backed by some of the greatest bulls of the breed.

The Duke of Westdrums which we purchased in Scotland along with Avenel Radiant Sunset are being used to follow L. F. Fascination. They are giving us the quality, size, and good gaining cattle we all need.

The pictures and footnotes in this catalog are intended to describe the cattle in the same way that you will see them on sale day.

Since there is a lot to see we welcome you on Sunday to look and study the cattle in a leisurely manner.

DAN O'CONOR

The Ohio Polled Shorthorn Breeders Sale will be at the Fair Grounds — Xenia, Ohio, Monday evening, June 7th immediately following the Tulleevin Farms Sale. Xenia is 30 miles North-East on U. S. 42. Cattle will be assembled for shipment with Tulleevin sale cattle. For catalog, contact: Paul W. Teegardin, Sale Manager, Ashville, Ohio.

No reference is made to vaccination in the female footnotes, since vaccination has been practiced at Tulleevin Farms and all herds from which females have been purchased and added to the Tulleevin herd. The herd is T.B. Accredited and Bang's Certified.

Tulleevin Farms are following the Performance Testing programme in cooperation with the Beef Cattle Extension Department, Ohio State University. The weights and grading on the sale bulls was completed by W. W. Wharton on March 11th. The AVERAGE DAILY GAIN from birth on these bulls is 2.24 lb per day. Average type score is 14.3.

**Dandy of Westdrums
1962 International Grand Champion**

\$18,000.00 World's Record Polled Shorthorn Bull at auction. Now owned by Harry T. Peters, Jr., Windholme Farms, Orange, Virginia.

Duke of Westdrums is a $\frac{7}{8}$ -brother to Dandy of Westdrums. He was the first Polled Shorthorn Bull to be imported from Scotland to North America. His full-brother was exported to South Africa — was the Supreme Champion in the most important show in South Africa.

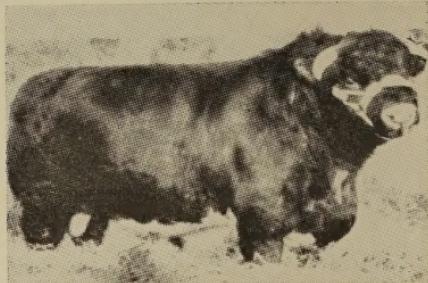

This Scottish influence is working in Scotland, in South Africa and in Canada. This Tulleevin Farms Heart of the Herd Sale is the first opportunity offered in the United States to own this NEW BLOOD.

• DUKE OF WESTDRUMS x3131-001.

D U K E O F W E S T D R U M S

Duke of Westdrums didn't come to Tulleevin Farms by mere chance. Dan O'Conor, Jr. and Charles South were determined to find a bull worthy of working with females sired by the two International Grand Champion Bulls that had been in service at Tulleevin.

On his many trips to Scotland, Dan kept searching for the answer. He found it at Westdrums. Duke of Westdrums looked every inch a stock bull. His sire, Uppermill Leopold had cost \$22,000.00. He was siring that kind. He had proven it at Perth in 1960. He sired the Best Pair of Bulls, the Best Three Bull Groups, Best Three Bulls by one sire, and Best Five Bulls by one sire.

Erimus Hansard, sire of Uppermill Leopold, had established a good record in 1956 at the Perth Sale. His sons made the top average of \$12,915.00. His sire, Calrossie Evening News, a champion in 1951 was a great stock bull.

A brother to Duke of Westdrums went to South Africa where he became a Supreme Champion, made 2,200 lb at maturity. Sons of Uppermill Leopold are in service in strong herds in Scotland, in the Argentine and in Canada. Westdrums Wayfarer, First Prize Winner at Perth is siring champions for Bilmar Farms, Grand Blanc, Michigan. He too is a son of Uppermill Leopold.

Duke of Westdrums is the first Polled Shorthorn Bull to come to America from Scotland. Later his 7/8-brother, Dandy of Westdrums, came to Canada. He became the 1962 International Grand Champion Bull and sold for the world's record price of \$18,000.00 to Windholme Farms, Orange, Virginia in the Grant Campbell Dispersion.

The Campbell Dispersal was built around Dandy of Westdrums and was a record breaker for the Polled Shorthorn breed. The June 7th Tulleevin Sale marks the first opportunity for breeders to buy this new Polled Shorthorn blood direct from Scotland.

Duke of Westdrums is a 2,000 lb bull. He is correct and his calves reflect his correctness. His influence will be apparent ten years hence because the great battery of Scottish sires combined in the genes he carries in his blood stream guarantee the prepotency of his heritage.

All of mankind is dramatically aware of the NEW ERA OF SCIENCE in which we are living. As you study this catalog we hope you will realize that the blood of Duke of Westdrums in your herd can make you a participant in the same NEW ERA OF ANIMAL SCIENCE.

L F FASCINATION x2756-148. He has made a record of performance through his sons and daughters that speaks for itself. It started with the shows in 1956 when they made a lasting impression by their winnings at the International and state fairs. It has continued through the years in both the show ring and in the sale ring. But now more important is the way his sons have wrought improvement—sale toppers and winners for widely scattered herds. In his 13th year he is still going, but lacks the bloom of youth. This sale offering has the strongest lot of herd bull prospects he has ever sired. The females are the best that have been offered. He was a great bull as an International Grand Champion in 1954. He is a greater bull as a sire, measured by the yardstick of comparison and by their performance for Tulleevin customers.

◆ **AVENEL RADIANT SUNSET x3006-239.** He has a remarkable inheritance. Like his teammate, Duke of Westdrums, he combines the best blood of Scotland, through his sire, with the best of Polled Shorthorn excellence through his International Grand Champion dam. She is one of the breed's truly great cows. A show ring champion who has been equally worthy as a brood cow. She has further Scottish influence through her sire, the \$8,100.00 Camson Better News, son of Calrossie Good News. Few bulls left more valuable sons or daughters. Beaufort Bulldozer has the unique distinction of siring both the Grand Champion Bull and the Grand Champion Female—the same year—at the International. Almahurst Bean Buster is considered his best breeding son. Avenel Radiant Sunset is proving his unusual inheritance, as a stock bull. There is evidence at Tulleevin to support this claim.

◆ **TULLEEVIN IMPRESSION x3227-667.** A rugged, heavy boned young bull that has promise, for those who can wait—and who want a son of Duke of Westdrums. Good headed, deep flanked, he will develop right. His granddam topped her class three times at the International Live Stock Exposition, and his dam will sell with another Duke calf at side.

• TULLEEVIN INDEMNITY x3227-663. He is sired by Duke of Westdrums. His dam is a full sister to Tulleevin Princess A, who topped the 1962 All American Sale at \$1,350.00, selling to Mr. and Mrs. Yuskanich, who are shown with Mr. and Mrs. Ed Long. This heifer is the dam of Resting Hills Duke—the calf she was carrying by Duke of Westdrums at the time of sale. He is now a top young sire in the Resting Hills herd.

As famous a sire as he was a champion . . .

L F Fashion x by L F Fascination x

Early in the 1956 season Chuck Leemon decided he was what he wanted at Leemon Stock Farm and he got an option on him.

His judgment was perfect because the bull was named **Junior and Reserve Grand Champion, 1956 International.**

Exhibited by Landen Farms.

Tulleevin Impetus is out of a paternal sister to **L F Fashion x.**

Q TULLEEVIN IMPETUS x3227-657. He is one that was reserved to stay at Tulleevin as herd bull insurance. He's typical of Duke of Westdrums' sons—good headed, rugged bone, thick muscled and correct. Have a look at his seven-eighths sister, the first daughter of Duke. This Eliza family has produced top cattle at Tulleevin. This calf's third dam is the granddam of the 1958 International Grand Champion, El-Vi-Dor C Fascination. The best blood of Scotland and America is combined.

• **TULLEEVIN JOURNALIST x3227-650.** He is a stock bull in the making. Sired by Duke of Westdrums and out of a daughter of the 1954 International Grand Champion, L F Fascination. His granddam is a granddaughter of the \$64,000.00 Pittodrie Upright. That blend should insure that he will be a breeding bull—from this Rosewood family that has consistently produced stock bulls at Tulleevin. Weighed 735 pounds March 11

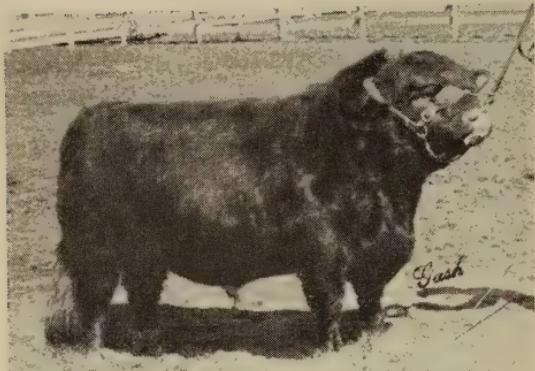

Breeders will recall the first bulls sired by the 1954 International Grand Champion, L. F. Fascination, that swept the shows of the country in 1956.

Each year he has continued to sire bulls of stock bull calibre. They have become breed improvers from Washington to Texas, and throughout the Corn Belt states.

I believe this sale offers the five best sons of L. F. Fascination that have been produced and offered at any previous time. Two grandsons sired by two different sons, add further proof of how his influence is carrying on.

They are BIG BULLS — thick quartered, heavy muscled and bulls with bone and ruggedness. They have been pen fed — raised in the open. They are ready for hard service. You will find bulls that will weigh a ton at maturity and bulls that will beat a ton!

★ **TULLEEVIN HANNIBAL x3181-687.** Hannibal certainly exemplifies that a GOOD bull can be a BIG bull. He's all of that. That's the way he looks at Tulleevin. That's the way he will look in your barnyard. He's from this Max Walton Rosewood family who has produced so many stock bulls. His dam is a granddaughter of the \$64,000.00 Pittodrie Upright. His granddam produced the 1960 top selling Tulleevin Duplicate, sire of so many champions for Keny and Dean Warters, Allerton, Illinois. She is a granddaughter of the great old sire, Collynie Goods. Confidence in this bull is ASSURED confidence. Weighed 1,510 March 11, daily gain 2.33 pounds, type score 15.

• **TULLEEVIN HIGHLANDER x3181-701.** He was shown last year most successfully. He will do for "fast company" this season. Highlander is the first son of Avenel Radiant Sunset, junior herd sire at Tulleevin. Son of the 1957 International Grand Champion Female, and grandson of Beaufort Bulldozer, sire of International champions. There's much that is "right" about Highlander—good bone, deep rear flank, wide rump, full quartered. He is balanced, and will be a big bull. His dam is a daughter of the International Reserve Grand Champion, Upright Leader. She comes from the same family as the 1951 International Grand Champion, Bonny Butterfly 4th. TULLEEVIN INSIGNIA x3227-639. Here is a calf whose inheritance in the third generation would leave little to be desired. Beaufort Bulldozer sired two International Grand Champions. Camson Better News sired the 1957 International Grand Champion, Avenel Duchess 3d, who is being offered in this sale. Pittodrie Upright came to America from Perth at \$64,000.00. Corona Fascination, still in service at Lynnwood, has sired more champions than any bull living today. This sale is evidence of the prepotence of his blood through his International Grand Champion son, L F Fascination.

These folks are using L F Fascination bulls too . . .

We purchased Tulleevin Event x at the second top selling price in the 1962 Tulleevin-Brookwood Sale. He's mated very well with our horned cows here at Black Walnut Farms.

We are retaining the entire 1963 heifer crop for replacement heifers. Event has given us the most outstanding group of heifers ever raised at Black Walnut Farms.

Our 1965 show string will be made up of sons and daughters of this outstanding sire.

Our Tulleevin bull has proven a real herd improver.

Tulleevin Duplicate Sires Winners !!!

"Tulleevin Duplicate, 1960 top selling bull, sired these winners for us in 1964: Illinois State Sale (Spring) Grand Champion Female, Illinois State Sale (Fall) Grand Champion Female, and Tri-State Sale (Albion) Top Sale Bull. We won 6 firsts in Land of Lincoln classes at Illinois State Fair, all on cows and daughters of Duplicate — that was more than any other exhibitor. We have only a small herd, but every calf is a good one."

RESIDENT MANAGER G. M. RANKIN

April 20th, 1965

Dear Paul,

Thank you very much for your letter; it was very good to hear of you.

The bull that went to South Africa is not a full-brother of Duke of Westdrums although he was by Uppermill Leopold also. His name was Bonus of Westdrums and he came from a Lynnwood Bridget cow. This bull was sold to Messrs. Ross of Kelvinside, Bedford, South Africa, and he was Grand Champion Poll Shorthorn Bull at the Rand Show at Johannesburg and went on to win the Chamber of Mines Gold Cup awarded to the Supreme Champion over all other beef breeds. This was a unique honour and the first time that it had ever been won by a Poll Shorthorn; this was in 1962.

With regard to the progeny of Uppermill Leopold, unfortunately we do not have pictures of his sons but for the record Westdrums Ensign, in the Argentine, sired the Grand Champion Bull at Palermo last year, and Westdrums Fulmar, another son, sired the Reserve Grand Champion and the Calf Champion. At the Sale of Imported Bulls in Buenos Aires, Westdrums Prefect made the all-time record price for an imported bull of 24,000 dollars; his sire, Westdrums David, was from an Uppermill Leopold dam and Prefect's own dam was from a Princess Royal cow, again by Leopold. Of course, you will know all about Dandy of Westdrums sold at Grant Campbell's Dispersal Sale for a world record price for a Poll bull, he was also got by Uppermill Leopold.

I hope this information will be of some use to you, and if there is anything further we can do don't hesitate to let me know.

With all good wishes and kind regards and I do hope that Dan has a good sale and if you are in touch with him please give him my best wishes for a speedy recovery.

Yours sincerely,
GERRY RANKIN

You don't have to own a large herd to buy a top bull. Keny and Dean Warters, Allerton, Illinois, bought Tulleevin Duplicate, Top Bull in Tulleevin Farms 1960 Sale.

They had just twelve females in their herd.

In 1964 they had three head nominated for All-American honors. They won six Land of Lincoln classes at the Illinois State Fair.

They showed the Land of Lincoln Grand Champion Female — a daughter of Duplicate. She stood second at the International.

Duplicate sired the Grand Champion Females at both the Spring and Fall Illinois State Sales.

No, a few cows and a "right" bull is the answer!

• **AVENEL DUCHESS 3D x2910-021.** She is doing her work at Tulleevin Farm, and is 1957 International Grand Champion Female. Dam of Avenel Radiant Sunset (herd bull at Tulleevin), Tulleevin Duchess A, selling, and her bull calf by Duke of Westdrums. It is rare that an International Grand Champion Female is ever exposed for bidding. It would be improbable that she would be as good a cow, in her working clothes as Avenel Duchess 3d. It is unlikely that she would have produced two bulls, like Avenel Radiant Sunset and the great stock bull prospect she is now nursing, sired by Duke of Westdrums. Her daughter, Avenel Duchess A, is one you will want. Avenel Duchess 3d is sired by the \$8,100.00 Camson Better News. He was one of the better breeding sons of the highly regarded Calrossie Good News. Her dam is sired by the 1950 International Grand Champion, Cherry Hill Royal Leader. Her granddam is by Oakwood Radiant Command, son of the 1941 International Grand Champion, Coronet Command. Her excellence is hers by inheritance. Her ability to pass it on is evident. She is re-mated to Duke of Westdrums. She could well be the most valuable female to sell in 1965.

• **TULLEEVIN DUCHESS A x3181-704.** She has everything you could desire in a foundation female. Her sire is Duke of Westdrums—7/8 brother to the \$18,000.00 International Grand Champion, Dandy of Westdrums. Her dam is Avenel Duchess 3d, 1957 International Grand Champion Female. Her maternal brother, Avenel Radiant Sunset is one of the Tulleevin stock bulls. She is a good one in her own right—head of a brood cow, correct in her makeup, smooth and roomy—big enough. To complete her appeal, she is mated to the 1954 International Grand Champion, L F Fascination.

I am Tulleevin Journeyman. I am a month old.

She is a sample of what can be expected from these daughters of L F Fascination, mated to the Duke. You will like this heifer's thickness, her bone, her head and her correctness. She belongs to a family of cows that have produced that kind. She will continue to do it. The El-Vi-Dor Fascination bull, Grand Champion at the 1958 International for Glatwyn Farms, was descended from Eliza 35th. Eliza A-1's younger brother is retained as herd bull insurance to perpetuate the Duke of Westdrums. Need more be said?

• **TULLEEVIN BROADHOOKS A 4 x3227-670.** She is the last daughter out of the good old foundation Broadhooks cow. She is also selling. She is smooth and level—a balanced sort of heifer, young, but a right kind. See her older sister—you will be smart to keep them together. You will get to the top faster and stay longer. Two full sisters are retained at Tulleevin. That gives you the answer.

• **TULLEEVIN BROADHOOKS A-3 x3181-714.** She was shown last year, and she can be shown this season. Two full sisters are being retained at Tulleevin. Another sold to Brookwood Farms for \$1,500.00 in 1959. Still another went to Glatwyn Farms in the 1960 sale. A younger sister sells. She is a package of promise. I would think that these five females would be ample reason to try to own this heifer and the calf she is carrying sired by Duke of Westdrums.

◆ **TULLEEVIN ROSEWOOD 9th x3181-682.** Rosewood 9th was a "collector's item" before she was mated to Duke of Westdrums. Two full sisters are retained at Tulleevin. If we could put the old foundation cow, Rosewood 99th, in a paddock on sale day, along with all her progeny at Tulleevin, it would tell an impressive story. It would demonstrate that there is an inherited difference in cows. If we could put her son, Tulleevin Duplicate, and the three All American nominees beside them from Kemp o Dean Warters farm, it would cancel all doubt. We believe Tulleevin Rosewood 9th should be "one to own". Remember, she is mated to the Duke!

• **HICKORIES BROADHOOKS 3D 2689-758.** This is the foundation Broadhooks cow—from the great Broadhooks family that made famous the Dryden herd in Canada. She is line bred in the influence of the Perth Champion Millhills Ransom and the Rigfoot Estelle cow that produced stock bulls. Two daughters selling speaks eloquently for this cow. Two daughters stay at Tulleevin. He will calve July 2 to L F Fascination. Bull or heifer, it will be the “keeping kind.”
